### REASONS FOR ALLOWANCE

1. Thee following is an examiner's statement of reasons for allowance:

Claims 1-49 are allowable because while the closest prior art of record (See references listed on attached PTO-892 form) disclose recording chambers including a chamber and lid wherein tissue is fixed within the chamber for recording electrical activity of the tissue, the prior art of record fails to teach or fairly suggest a recording device that includes a cap protrusion and flexible bottom net for holding the tissue wherein the cap protrusion, net and electrode pair are constructed and arranged such that when the cap is in its capped position and the bottom net is holding a biological tissue slice, the movement of the protrusion into the chamber interior volume results in penetration of the electrode ends into the interior of the biological tissue slice.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
